eligible electors by the election chair no later than March 1st. There will be a 45 day voting window and ballots must be executed or returned to the election chair, postmarked no later than April 15th of the election year.

2. ELIGIBILITY FOR OFFICE. A candidate for office shall be a member of the Association in good standing for a minimum of one year prior to nomination for office.
3. ELIGIBILITY OF ELECTORS. Any member in good standing who has completed their temporary membership period of 90 days upon joining the Association and has attained full membership may vote in state elections.
4. NOMINATIONS. Nominations for state office will be made as an item of new business at the February membership meeting of the Association. Nominations for a candidate must be seconded by the nominee's District Director or authorized representative of the nominee's District present at the meeting (if the Director is absent or is the named candidate for office). In the event of unforeseen circumstances, a second may be accomplished that day electronically. Once nominated, a candidate is responsible for informing the State Secretary within one week of nomination, of how they wish their name to appear on the ballot, including any nicknames or "road" names.
5. BALLOTING. The State Secretary and/ or Election Chair will prepare a ballot containing each office for election and the names, in random order, of each nominee, for mailing to eligible members. Pictures of all candidates will be emailed or include in the mailing package. It should also include a resume of the Director nominee(s), submitted by the nominee(s).

Members will mark their ballots, seal them into the unmarked envelope and then mail that to the Association using the pre-addressed return mailer. Write-in votes will not be accepted. Members will pay postage. Only ballots received in the official mailer, marked with a member number and postmarked by April 15th will be accepted as valid. Hand delivered ballots will not be accepted at the May meeting. Family members must submit their ballot in their individually serialized mailer and not group them into a single envelope.
