The **Remembering Our Fallen Memorial** is a photographic war memorial that honors our country's military Fallen from The War on Terror. Because 9/11 was such a defining moment, this memorial includes our country's Fallen since that tragic day in our nation's history. Unlike brick and mortar memorials, **Remembering Our Fallen** is designed to travel and includes both military and personal photos. Its legacy will be that these men and women will be remembered and their names will be spoken while helping to lesson the grief to their families.

This beautiful display was unveiled on the steps of the Lincoln Memorial in September 2017 and consists of over 30 Tribute Towers supporting double-sided and full-color banners to withstand the elements, making it possible to be exhibited outdoors, as well as indoors. Each Tribute Tower is 10 feet high and 5 feet wide and includes military and personal photos of our country's Fallen.

A Gold Star family's greatest fear is that their Fallen will be forgotten...

"Freedom is never more than one generation away from extinction. We didn't pass it on to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children what it was once like in the United States when men were free."
